RILEY can furnish you any type of Coal burning equipment you desire

All Types of Stokers

Riley Stoker Corporation manufactures all types of mechanical stoker equipment and is in a position to offer you any type of stoker your particular requirements might dictate, whether spreader stokers, traveling grate stokers or underfeed stokers. There is over 50 years of stoker engineering experience back the design of Riley stoker equipment.

Two Types of Coal Pulverizers

Riley manufactures not only the Riley Atrita Unit Pulverizer, which has been installed in so many of the country's leading power plants, but also the new Riley Ball Tube Mill, so that Riley can now offer you two distinctive types of coal pulverizers. Riley also manufactures pulverized coal burners and combination coal, oil and gas burners.
