Mr. John Schaefer
Ethyl Gasoline Corporation
Wilmington, Delaware

Dear John:

I am enclosing herewith a set of forms and instructions drawn up in connection with the investigations of the hazards associated with the cleaning of tanks that have contained leaded gasoline.

They will give you some idea of what we are trying to do, and I would appreciate any comments you may care to make on any part of them.

I plan on being in Wilmington about December 1 and I am looking forward to seeing you then.

With kindest regards, I am

Very truly yours,
