

1 and make a recommendation regarding its acceptability
2 for publication or issues regarding the work that
3 needs to be addressed before it can be considered for
4 publication.

5 Q Have you done any consulting for the United
6 States Government, Doctor?

7 A Yes.

8 Q In what areas, what type?

9 A I served as a consultant to the United
10 States Attorney General's Office in the early, mid
11 1980s on occupational lung diseases, particularly
12 asbestos-related diseases.

13 Q And -- I am sorry.

14 A I served on a number of committees for the
15 National Institutes of Health on scientific issues,
16 reviewing grants and making recommendations for areas
17 of funding for biomedical research in the areas of
18 lung disease.

19 Q Have you done any work or consulting for the
20 World Health Organization?

21 We have heard a little bit about what that
