Re: Nevada Power Co. v. Monsanto Co., et al.

Dear Chuck:

By now you have received Victoria Briant's bill for services in copying EPRI documents. That bill is in the sum of \$294.75. Perhaps the client could forward a check to her in that sum to cover the copy of the documents that I've already received. I will be forwarding those documents to you after I've had a chance to abstract them.

Sincerely,

T.
