Thank you Juanita. Since there is no difference between going in Sunday morning versus Monday, I'd like to go ahead and book him on the 815 Delta. It is \$1047 versus \$1659 on AA correct?

Millan –

I re-checked all the prices with another BCD agent for the flights options in the earlier message. The fares are incorrect. The agent I talked to earlier had given me the upsell prices.

The true Business Class price for both AA flights are: \$1,659.20 and for the three Delta Flights, the true First Class fare is \$1,047.

What is the fare for the 815 please?

The cost comparison should be done only against travel into Orlando from DC on Monday morning in time for a 12PM arrival. We don't need one from Tulsa.

Thank you,
