Dear [5.1.2e], dear [5.1.2e]

Thank you for considering us to be part of the Advisory Board of the FPG Manufacturing Programme. However, we will have to politely decline this position, as that would pose a conflict of interest in our role of dossier submitter for the Universal PFAS Annex XV restriction dossier. The same applies to other colleagues involved in the work on the dossier, so I'm afraid I cannot recommend people working at RIVM to take that place. I would advise to reach out to organizations (e.g., universities) that are not directly involved in this dossier to consider a position in the Advisory Board, but I also assume you're already doing so.

Met vriendelijke groet / Kind regards,

[5.1.2e]
