

LEAD INDUSTRIES ASSOCIATION

Graybar Building, 420 Lexington Avenue
New York, N. Y.

August 24, 1933.

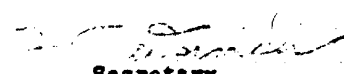

To Members of the Lead Industries Association:

The public hearings of the Lead Code have been tentatively scheduled in Washington, D. C., for September 23rd. There will be a conference with our Deputy Administrator and his advisors about two weeks prior to the formal hearing date.

So that we may make an adequate presentation of our case it is essential that we be armed with detailed labor and other data pertaining to our industry. The labor information already supplied by members has been of great assistance but it is necessary to procure additional data at once as requested on the attached questionnaire.

Please supply the data called for without delay as there is no time to lose in preparation for our preliminary conference.

Sincerely yours,

Secretary.
