Mike, John, and Kathy:

Attached is a new version of BLM's report pursuant to E.O. 13783, which reflects feedback from ASLM and Exec Sec (see email from Rich Cardinale below). It appears below both in Track Changes and as a "clean" version.

As you know, Exec Sec is anxious to receive this report, as it was due to the Department last week.

When you provide comments, please reply to all recipients of this message. On a related note, recall that I will be on annual leave tomorrow and Friday. Kelly Orr (cc:ed here) will serve as Acting CoS, and she will assign the task of compiling/consolidating your comments to staff as she sees fit (Briana Collier and Greg Fuhs (WO-610) are helping out tomorrow and Friday as

"pinch-hitters").

Finally, there is an additional element of this assignment: a spreadsheet that needs to be filled out. This product is being worked on by staff for 200, 300, and 400.

If you have questions or need information, please call my cell (202-503-7460).

Peter,

As a follow-up to our conversation yesterday, I added some comments to the BLM's report on EO 13783 based on my understanding of what Exec Sec would like to see. My notes are not comprehensive but will hopefully give you an idea. In general, I think they are looking for more focus on what the BLM is doing to reduce the potential burden and how these actions support what the Secretary is trying to achieve.

Exec Sec is really anxious to get this back from BLM - they still have work to do with it prior to sending it to the White House. Can we get it by COB today?

Thanks,  
Jill

Folks:

Thank you for your work responding to the feedback we received from Exec Sec/ASLM on our E.O. 13783 report. Attached below is the latest version of the narrative, which I just sent to the BLM principals. Please use the attached "clean" version to begin populating the [E.O. 13783 spreadsheet](#) that Glenda Valdez shared earlier today (use URL below if hyperlink doesn't work):

As a reminder, I'm on annual leave tomorrow and Friday. Kelly Orr will serve as Acting CoS while I'm away.

Attached is a new version of BLM's report pursuant to E.O. 13783, which reflects feedback from ASLM and Exec Sec (see email from Rich Cardinale below). It appears below both in Track Changes and as a "clean" version.

As you know, Exec Sec is anxious to receive this report, as it was due to the Department last week.

When you provide comments, please reply to all recipients of this message. On a related note, recall that I will be on annual leave tomorrow and Friday. Kelly Orr (cc:ed here) will serve as Acting CoS, and she will assign the task of compiling/consolidating your comments to staff as she sees fit (Briana Collier and Greg Fuhs (WO-610) are helping out tomorrow and Friday as "pinch-hitters").

Finally, there is an additional element of this assignment: a spreadsheet that needs to be filled out. This product is being worked on by staff for 200, 300, and 400.

If you have questions or need information, please call my cell (202-503-7460).

As a follow-up to our conversation yesterday, I added some comments to the BLM's report on EO 13783 based on my understanding of what Exec Sec would like to see. My notes are not comprehensive but will hopefully give you an idea. In general, I think they are looking for more focus on what the BLM is doing to reduce the potential burden and how these actions support what the Secretary is trying to achieve.

Exec Sec is really anxious to get this back from BLM - they still have work to do with it prior to sending it to the White House. Can we get it by COB today?

Thanks,

I don't because I don't have earlier versions of it. In Peter's 6:16 email last night he attached a clean and track changes version. Perhaps that track changes one is responsive to Rich's edits and for some reason the clean version wasn't?

Attached is a new version of BLM's report pursuant to E.O. 13783, which reflects feedback from ASLM and Exec Sec (see email from Rich Cardinale below). It appears below both in Track Changes and as a "clean" version.

As you know, Exec Sec is anxious to receive this report, as it was due to the Department last week.

When you provide comments, please reply to all recipients of this message. On a related note, recall that I will be on annual leave tomorrow and Friday. Kelly Orr (cc:ed here) will serve as Acting CoS, and she will assign the task of compiling/consolidating your comments to staff as she sees fit (Briana Collier and Greg Fuhs (WO-610) are helping out tomorrow and Friday as "pinch-hitters").

Finally, there is an additional element of this assignment: a spreadsheet that needs to be filled out. This product is being worked on by staff for 200, 300, and 400.

If you have questions or need information, please call my cell (202-503-7460).

As a follow-up to our conversation yesterday, I added some comments to the BLM's report on EO 13783 based on my understanding of what Exec Sec would like to see. My notes are not comprehensive but will hopefully give you an idea. In general, I think they are looking for more focus on what the BLM is doing to reduce the potential burden and how these actions support what the Secretary is trying to achieve.

Exec Sec is really anxious to get this back from BLM - they still have work to do with it prior to sending it to the White House. Can we get it by COB today?

One of the concerns raised by Exec Sec. is the regulatory descriptions look and read as if they were taken from materials previously prepared (during the last

Administration). Hence, they tend to speaking in very positive terms about the what the rules do, rather than focusing on the fact that this administration views many of these rules as creating unnecessary regulatory burdens. I would begin the narratives by explaining exactly that the Administration's concerns are with each of the rules and then explain why the rule is either being rescinded or reviewed.

In general, I think they are looking for more focus on what the BLM is doing to reduce the potential burden and how these actions support what the Secretary is trying to achieve.

Exec Sec is really anxious to get this back from BLM - they still have work to do with it prior to sending it to the White House. Can we get it by COB today?

When you provide comments, please reply to all recipients of this message. On a related note, recall that I will be on annual leave tomorrow and Friday. Kelly Orr (cc:ed here) will serve as Acting CoS, and she will assign the task of compiling/consolidating your comments to staff as she sees fit (Briana Collier and Greg Fuhs (WO-610) are helping out tomorrow and Friday as "pinch-hitters").

Finally, there is an additional element of this assignment: a spreadsheet that needs to be filled out. This product is being worked on by staff for 200, 300, and 400.

If you have questions or need information, please call my cell (202-503-7460).

Peter,

As a follow-up to our conversation yesterday, I added some comments to the BLM's report on EO 13783 based on my understanding of what Exec Sec would like to see. My notes are not comprehensive but will hopefully give you an idea. In general, I think they are looking for more focus on what the BLM is doing to reduce the potential burden and how these actions support what the Secretary is trying to achieve.

Exec Sec is really anxious to get this back from BLM - they still have work to do with it prior to sending it to the White House. Can we get it by COB today?

Thanks,  
Jill

Thomas -

I don't think this report has much nexus to stuff in 200 since it's related to an EO on energy, but Peter wanted me to share it with you in case it was helpful in the BLM priorities exercise that's due tomorrow.

Rich - I reviewed your version and the edits from you and Jill looked good.

I've attached two new versions here - track changes with yours and Jill's edits, and a clean version.

I checked the spreadsheet and everything is showing up fine for me - not sure what the lines are that you're seeing. Here's a print screen of how it looks when I open it:

Attached is a new version of BLM's report pursuant to E.O. 13783, which reflects feedback from ASLM and Exec Sec (see email from Rich Cardinale below). It appears below both in Track Changes and as a "clean" version.

Peter,

As a follow-up to our conversation yesterday, I added some comments to the BLM's report on EO 13783 based on my understanding of what Exec Sec would like to see. My notes are not comprehensive but will hopefully give you an idea. In general, I think they are looking for more focus on what the BLM is doing to reduce the potential burden and how these actions support what the Secretary is trying to achieve.

Exec Sec is really anxious to get this back from BLM - they still have work to do with it prior to sending it to the White House. Can we get it by COB today?

Thanks,  
Jill

Rich - I reviewed your version and the edits from you and Jill looked good.

I've attached two new versions here - track changes with yours and Jill's edits, and a clean version.

I checked the spreadsheet and everything is showing up fine for me - not sure what the lines are that you're seeing. Here's a print screen of how it looks when I open it:

Mike, John, and Kathy:

Attached is a new version of BLM's report pursuant to E.O. 13783, which reflects feedback from ASLM and Exec Sec (see email from Rich Cardinale below). It appears below both in Track Changes and as a "clean" version.

As you know, Exec Sec is anxious to receive this report, as it was due to the Department last week.

When you provide comments, please reply to all recipients of this message. On a related note, recall that I will be on annual leave tomorrow and Friday. Kelly Orr (cc:ed here) will serve as Acting CoS, and she will assign the task of compiling/consolidating your comments to staff as she sees fit (Briana Collier and Greg Fuhs (WO-610) are helping out tomorrow and Friday as "pinch-hitters").

Finally, there is an additional element of this assignment: a spreadsheet that needs to be filled out. This product is being worked on by staff for 200, 300, and 400.

If you have questions or need information, please call my cell (202-503-7460).

As a follow-up to our conversation yesterday, I added some comments to the BLM's report on EO 13783 based on my understanding of what Exec Sec would like to see. My notes are not comprehensive but will hopefully give you an idea. In general, I think they are looking for more focus on what the BLM is doing to reduce the potential burden and how these actions support what the Secretary is trying to achieve.

Exec Sec is really anxious to get this back from BLM - they still have work to do with it prior to sending it to the White House. Can we get it by COB today?

Thanks,

Jill

Rich and Jill,

I realized we never updated the spreadsheet with ASLMs edits in the narrative version. So, I've attached a revised spreadsheet that now matches the appropriate

text from the word version.

If you have any questions please let me know - sorry for any confusion this causes!

Mike, John, and Kathy:

Attached is a new version of BLM's report pursuant to E.O. 13783, which reflects feedback from ASLM and Exec Sec (see email from Rich Cardinale below). It appears below both in Track Changes and as a "clean" version.

As you know, Exec Sec is anxious to receive this report, as it was due to the Department last week.

When you provide comments, please reply to all recipients of this message. On a related note, recall that I will be on annual leave tomorrow and Friday. Kelly Orr (cc:ed here) will serve as Acting CoS, and she will assign the task of compiling/consolidating your comments to staff as she sees fit (Briana Collier and Greg Fuhs (WO-610) are helping out tomorrow and Friday as "pinch-hitters").

Finally, there is an additional element of this assignment: a spreadsheet that needs to be filled out. This product is being worked on by staff for 200, 300, and 400.

If you have questions or need information, please call my cell (202-503-7460).

Thanks Shelley.

I've changed that paragraph to read:

· **March 2017 – September 2018: Leasing Reform, Mining and Energy** - The BLM is working on implementing actions (as detailed in the BLM's E.O. 13783 Energy Report) that address leasing reform, mining, and other energy programs. These actions represent a combination of rule rescissions, reviews of existing policy, promulgation of new policy or guidance, or similar actions, all of which aim to reduce burdens on energy producers. The BLM will continue to pursue these recommendations, which cover a range of categories that include, but are not limited to:
