reached my desk :
as for our facilities
Mr. Kolis, -----
where Joseph Memice was employed.

- 1) Joseph Memice - born: 27/6/1918
- retired: 1/10/1983
- died: 29/6/1984

Death Certificate reads: cause of death cardiopulmonary arrest as a consequence of angiosarcoma of the liver.

- 2) His work history is substantially correct except that he also worked as a Utility Resin Operator from 10/67 to 8/70. ..
- 3) Our PVC manufacturing facilities in West Virginia and Passaic were closed in 1982 and 1984 respectively and will not be restarted.
- 4) I am enclosing a report by a pathologist, Oscar Auerbach, retained by our insurance carrier for your exclusive use. We are still attempting to get the original slides to have the diagnosis of ASL confirmed by Dr. Popper or Dr. Tamburro. We are being sued by the widow of Joseph Memice and I am unable to speculate at this time on our ability to gain access to the original slides.

Very truly yours,
