DEPARTMENTAL CORRESPONDENCE

FERRO ENGINEERING

DIVISION
OGLEBAY NORTON COMPANY

DATE February 21, 1977

FROM G. Dowidchuk

TO AGP - EBR

SUBJECT

Shipping HT-1570-B's out of Plant #1
is a No! No!

Our equipment here will handle a maximum of 5000# at 24" center of gravity (edge to center). Further, our ramps are not designed for this kind of load.

This last C/L to Armco-Houston was a fiasco. We strained our equipment and personnel (loading had to be done by management). Hopefully, no severe damage was done to either.
