Defendants.	)	

DEFENDANT, OWENS-ILLINOIS, INC.'S AMENDED AND SUPPLEMENTAL RESPONSES TO PLAINTIFF'S FIRST REQUEST FOR DISCOVERY FROM DEFENDANT, OWENS-ILLINOIS. INC.

Defendant Owens-Illinois, Inc., without waiving any of its objections that were overruled by the Circuit Court on July 2, 1996, hereby presents its Amended and Supplemental Responses to Plaintiff's First Request for Discovery.

REQUESTS

REQUEST NO. 1. All witness statements, of any sort, whether signed or unsigned, of any person having knowledge of the facts of this case, excluding only those privileged against disclosure at trial, in the possession or under the control of OWENS-ILLINOIS, INC. or an attorney representing it in this or any other asbestos disease litigation.

RESPONSE NO. 1. Owens-Illinois does not have documents responsive to this request.

REQUEST NO. 2. All data as to the physical or mental condition of Thomas Keilhack excluding all documents provided you by Plaintiff's counsel.

AUG 22 1996 mc

RESPONSE NO. 2. Owens-Illinois does not have documents responsive to this request.

REQUEST NO. 3. All photographs, slides, motion pictures, models, maps, sketches, diagrams or drawings depicting the plant or machinery in question, any parts thereof, or of Thomas Keilhack.

RESPONSE NO. 3. Owens-Illinois does not have documents responsive to this request.

REQUEST NO. 4. All photographs, models, sketches or diagrams of any of the sites at which Thomas Keilhack worked.

RESPONSE NO. 4. Owens-Illinois does not have documents responsive to this request.

REQUEST NO. 5. All photographs, models, sketches or diagrams of any of the products involved in this litigation.

RESPONSE NO. 5. Owens-Illinois will make the documents responsive to this request available to Plaintiff's counsel for inspection and copying.

REQUEST NO. 6. All pamphlets, brochures or other documents prepared, distributed or utilized by Defendant to advertise or promote asbestos containing products during the 1950's, 1960's, 1970's, 1980's, and 1990's.

RESPONSE NO. 6. Owens-Illinois previously provided Plaintiff's counsel with documents responsive to this request on September 30, 1993 and December 29, 1995. Owens-Illinois will make additional documents responsive to this request available to Plaintiff's counsel for inspection and copying.

REQUEST NO. 7. All medical articles, case reports, textbooks or other documents which relate to any "state-of-the-art" defense you will present.

RESPONSE NO. 7. The documents which Owens-Illinois intends to rely upon at trial are not known at the present time. Owens-Illinois reserves the right to designate documents to be used at trial at a later date. As a partial listing, however, the following materials may be relied upon: "A Study of Asbestosis in the Asbestos Textile Industry," Dreessen, W.C. (1938); an article published in the Transactions of the Eleventh Annual Meeting, Industrial Hygiene Foundation, November 7, 1946 by J. J. Bloomfield; "A Health Survey of Pipe Covering Operations in Constructing Naval Vessels," Fleischer, Drinker, et al., (1946); "Asbestos Exposure During Naval Vessel Overhaul," Marr, William T. (1964); "Prevalence of Chronic Respiratory Disease," Ferris, B. G., Jr. (1971); "Asbestosis and Bronchogenic Carcinoma," Isselbacher, K. J. (1953); Annals of the New York Academy of Sciences Volumes 132 and 330; and the Threshold Limit Values promulgated by the American Conference of Governmental Industrial Hygienists for the years 1946 through 1958. Owens-

Illinois will make copies of these documents available to Plaintiff's counsel for inspection and copying upon request.

REQUEST NO. 8. A transcript (including exhibits) of each instance where an expert witness has testified in support of Defendant's "state-of-the-art" defense in asbestos disease litigation.

RESPONSE NO. 8. Owens-Illinois will provide Plaintiff's counsel with a list of the deposition and trial transcripts in its possession of its primary state-of-the-art witness, Dr. Stephen M. Ayres. Owens-Illinois will provide copies of those transcripts selected by Plaintiff's counsel. If Dr. Ayres is not available to testify in this action, Owens-Illinois will endeavor to create a similar list for any other state-of-the-art witness that it will call at trial.

REQUEST NO. 9. Each document authored by an employee of Defendant in the course of his employment, dealing in whole or in part with the consequences of exposure to asbestos.

RESPONSE NO. 9. Owens-Illinois is presently reviewing all its records maintained at its corporate headquarters for documents responsive to this request, and will make copies of responsive, non-privileged documents available to Plaintiff's counsel for inspection and copying. In addition, Owens-Illinois will provide Plaintiff's counsel with a list of each manufacturing facility currently maintained by Owens-

Illinois. If requested, Owens-Illinois will provide Plaintiff's counsel with access to the responsive documents, if any, maintained at these facilities.

REQUEST NO. 10. All medical records of those present or former employees of Defendant who have filed claims for worker's compensation or occupational disease benefits alleging an injury or disease from exposure to asbestos and all personnel and employment records which evidence or reflect the duration, quantity and quality of his or her exposure to asbestos while employed by Defendant.

RESPONSE NO. 10. See Owens-Illinois' answer to Interrogatory No. 32.

REQUEST NO. 11. Each written warning, caution or other document which was intended by Defendant to reach those persons who would breathe or ingest the asbestos from asbestos containing products manufactured and/or sold by Defendant.

RESPONSE NO. 11. Based on the deposition testimony of its former industrial hygienist, Willis Hazard, Owens-Illinois does not believe it ever issued any warning regarding any of its asbestos-containing insulation products because Owens-Illinois did not believe that persons using its asbestos containing products were at risk of developing any asbestos-related disease. Specifically, Owens-Illinois believed that there was a safe level of asbestos to which a person could be exposed without risk of

injury and that people who worked with Owens-Illinois insulation products were not exposed to levels of asbestos above the safe levels.

REQUEST NO. 12. All reports, notes, letters, memoranda, or other documents showing or purporting to show what OWENS-ILLINOIS, INC. knew about the relationship between asbestos dust and health.

RESPONSE NO. 12. Owens-Illinois is presently reviewing all its records maintained at its corporate headquarters for documents responsive to this request, and will make copies of responsive, non-privileged documents available to Plaintiff's counsel for inspection and copying. In addition, Owens-Illinois will provide Plaintiff's counsel with a list of each manufacturing facility currently maintained by Owens-Illinois. If requested, Owens-Illinois will provide Plaintiff's counsel with access to the responsive documents, if any, maintained at these facilities.

REQUEST NO. 13. All documents reflecting or evidencing a summary of periodic chest x-rays or other medical examinations of the workers employed at any Owens-Illinois, Inc. plant wherein asbestos was used at any time. Stated another way, Plaintiff Nancy Keilhack is requesting the summaries or reports of the plant health surveys or employee health surveys, which

reports or summaries were prepared or used to evaluate the health hazards, if any, at the plant.

RESPONSE NO. 13. Based on the Saranac Documents and the deposition testimony of its former industrial hygienist, Willis Hazard, Owens-Illinois believes that Kaylo plant employees received periodic x-rays in an attempt to monitor whether there was any effect of asbestos exposure upon the health of those employees. However, Owens-Illinois has no documents in its custody or possession reflecting a summary of the results of that program.

REQUEST NO. 14. Withdrawn.

REQUEST NO. 15. Withdrawn.

REQUEST NO. 16. Withdrawn.

REQUEST NO. 17. Withdrawn.

REQUEST NO. 18. Each written warning, caution or other document which was intended by Defendant to reach those persons who would breathe or ingest the asbestos from asbestos containing products manufactured and/or sold by Defendant.

RESPONSE NO. 18. See Owens-Illinois' Response to Request for Production No. 11.

REQUEST NO. 19. A transcript (including exhibits) of each instance where an employee of Defendant testified at deposition or trial in asbestos disease litigation.

RESPONSE NO. 19. Owens-Illinois will make copies of those transcripts identified in Owens-Illinois' Response to Interrogatory No. 44 upon request, to the extent those transcripts can be located.

REQUEST NO. 20. Withdrawn.

REQUEST NO. 21. All agreements to which Defendant is a party and which relate to the manner in which this case shall be evaluated, delayed or defended, including, but not limited to, all Wellington agreements and all documents exchanged by the parties thereto.

RESPONSE NO. 21. Owens-Illinois has no documents responsive to this request.

REQUEST NO. 22. Defendant's last three annual reports.

RESPONSE NO. 22. Owens-Illinois will make these documents available to Plaintiff's counsel for inspection and copying.

REQUEST NO. 23. All documents, objects, and tangible things, as defined in Supreme Court Rule 214, which are or were in the possession of any consulting expert as defined in

Supreme Court Rule 220 which do not contain the consulting expert's opinion.

RESPONSE NO. 23. See Owens-Illinois' answer to Interrogatory No. 10.

REQUEST NO. 24. All documents reflecting or evidencing the sale and/or shipment of asbestos-containing products to any job site listed on Exhibit A, including, but not limited to, purchase orders, invoices, accounts receivable cards, and bills of lading.

RESPONSE NO. 24. See Owens-Illinois' answers to Interrogatories 48 and 49.

REQUEST NO. 25. A list of the names, addresses and employers of each person involved or consulted in the preparation of your response to this Request.

RESPONSE NO. 25. This response was prepared by counsel for Owens-Illinois with the assistance of H.G. Bruss, Assistant Secretary of Owens-Illinois.

REQUEST NO. 26. An affidavit stating whether production is complete according to the knowledge of Defendant and Defendant's insurance carriers, attorneys, agents and employees.

RESPONSE NO. 26. See the attached affidavit.

EXHIBIT A

Jobsites:

Mount Clare Bowling, 2957 Harlem Avenue, Chicago, IL;

Zenith Corporation, 1900 N. Austin Avenue, Chicago, IL;

Brookfield Zoo, Brookfield, IL;

CORPORATE MEDICAL DIRECTOR

General Functions:

Under the general direction of Director, Health Care Policy and Programs, is accountable for assuring and promoting preventive and corrective medical programs, services and practices to protect and preserve employee health and productivity throughout Owens-Illinois. This position develops, organizes, introduces and implements health programs such as those directed to chemical dependency and hazardous exposures, and by eliminating non-responsive programs, attitudes and approaches in order to insure the continued well being of our employees in a safe and healthy environment. The Corporate Medical Director is a key advisor to those concerned with containment of health care costs and the necessity of maintaining quality and access to care.

Nature and Scope of Activities

1. Directs pre-employment, periodic and special examination programs by studying, evaluating and implementing successful models and by developing innovative programs to monitor well being of our employees.

2. Eliminates or controls occupational hazards to health or safety by developing special understanding of disease states and environmental interactions and supervising medical activities to assure a safe and healthy work place.

3. Reviews OSHA and NIOSH record reports and recommendations by careful medical evaluation and analysis to assure O-I cooperation and compliance.

4. Consults with and advises department heads and personnel directors by individual and joint meetings to aid in rehabilitation of employee's physical or emotional problems.

5. Assures quality by observation, study and evaluation of medical services and personnel to assure competent activities by qualified personnel in recommended facilities.

6. Applies medical training and experience to situations where confidentiality prevents free exchange of explanation and information.

7. Keeps current on occupational medical practice.

8. Exerts medical control on self-insured long term disability program.

9. Exerts specialized medical control over health of personnel in aircraft services.

10. Advises personally in case of the troubled employee.

11. Advises and consults with workers' compensation and risk management in medical-legal litigation.

12. Upon request, occasionally consults with and advises top management and/or their families concerning medical problems.

Health & Safety	Toledo, OH	ERW 7/73

General Functions: Under the general direction of the Director, Health and Safety is accountable for assuring and promoting preventative and corrective medical programs, services and practices to protect and preserve employee health and productivity throughout Owens-Illinois. This position develops, organizes, introduces and implements pre-employment and periodic examination as well as new health programs such as those directed to alcoholism and drug abuse and by eliminating non-responsive programs, attitudes and approaches in order to insure the continued well being of our employees in a safe and healthy environment.

Nature & Scope of Activities: 1. Directs pre-employment, periodic and special examination programs by studying, evaluating and implementing sucessful models and by developing innovative programs to monitor well being of our employees. 2. Eliminates or controls occupational hazards to health or safety by developing special understanding of disease states and environmental interactions and supervising medical activities to assure a safe and healthy work place. 3. Cooperates and participates with Department of Health and Safety by developing joint measures to reduce illness, absence and turnover, lower frequency and severity of accidents and reduce insurance costs. 4. Improves workmen's compensation climate by working with Director, Health & Safety in providing better care, earlier evaluations and developing innovative approaches thus assuring finer control and reduced costs. 5. Makes plant inspections in cooperation with safety and personnel departments to aid in prevention of occupational hazards. 6. Reviews OSHA and NIOSH recc reports and recommendations by careful medical evaluation and analysis to assure O-I cooperation and compliance. 7. Consults with and advises department heads and personnel directors by individual and joint meetings to aid in rehabilitation of employee's physic or emotional problems. 8. Assures quality by observation, study and evaluation of medic services and personnel to assure competent activities by qualified personnel in recommend facilities. 9. Supervises and directs Unit Medical Departments by monitoring, evaluatir guiding units to control costs, to maintain efficiency and establish good morale. 10. Applies medical training and experience to situations where confidentiality prevents free exchange of explanation and information. 11. Performs other tasks as assigned. Keeps current on industrial medical practice.

Accountability: Responsible for quality of medical services at all Owens-Illinois locations serving all hourly and salaried O-I employees.

COMMENTS: To bring description up-to-date.
