**Subject:** RE: Meeting - Appliance Manufacturers [WARNING: SPF validation failed]

Just following up on this meeting request. ENERGY STAR is moving a specification on clothes washers, which we oppose. It is critical that I ensure you are aware of what is going on and hopefully stop this action until we can talk in more detail. While this is an urgent matter, it is also very important to discuss the ENERGY STAR program broadly. At a high level, we support its moving back to DOE for our products and have discussed this with the DOE beachhead team. I know there is a lot going on at EPA, but if we could talk for just a few minutes initially to prevent anything from being released that cannot be clawed back, that would be helpful. Thanks again.

**Subject:** Meeting - Appliance Manufacturers

I wanted to reach out to you and request a meeting to discuss key issues appliance manufacturers have with EPA, specifically ENERGY STAR and the refrigerant (SNAP) programs. We have CEOs and other senior executives from the entire industry meeting in DC for our Annual Meeting from April 29-May 2. It would be very helpful if we could discuss our issues with you before that. Any time from Tuesday, April 25, to Friday, April 28 would be ideal. Please let me know what I can do to help in this area. Thanks for considering this request.
