Dear Doctor Kehoe:

I shall appreciate it very much if you would review and comment upon the article which is enclosed with this letter.

It is my recollection that you informed me that the only agent which would actually speed up the elimination of lead from the system is Bal and that the use of Bal is more dangerous than the presence of lead in the system.

I shall be pleased if you will return the article with your comments. Thanking you and with kind personal regards, I am
