ATTN: Mr. John R. Rusnak
Manager Product Engineering Department

Gentlemen:

As was discussed in our meeting of March 23, 1977 pertaining to the color of the Galbestos siding you are furnishing for the above referenced project, we have selected your standard color "Seafoam 1731."

We have also considered this color for the louvers that you are furnishing.

If there are any changes in color or shipment of items we will contact you by phone so there will be no delay in your shipment to us.

Very truly yours,

H. E. Wickes
Project Manager
