

This Shows the
BEAUTY..

Above—Interior view of Kansas City, Mo., National Training School for Deaf-mutes and Missionaries. Entire interior painted with Dutch Boy White-Lead and Lead Mixing Oil by painting contractor, E. C. Eades. School authorities reported well pleased with the job.

Right—Hotel San Pablo, Oakland, Calif. Exterior painted with Dutch Boy White-Lead and Lead Mixing Oil. Owner writes, "The appearance passed all our expectations and the paint is standing up well after an unusually severe winter."

...this proves the
DURABILITY

of a vastly improved **FLAT PAINT**

Gentlemen...we give you the flat paint of your dreams! A flat paint so rich and beautiful you'll want it for your finest interior jobs...and at the same time so durable it stands up outside, where it is used to seal and waterproof stucco, concrete, brick and stone.

Its resistance to the weather outside gives you a good idea how it withstands repeated washing and hard wear inside. You never saw a flat finish that is harder to soil permanently. Ink stains, pencil marks, finger smudges, grease and dirt can all be completely removed.

All your painter needs to produce this superior "flat" is Dutch Boy White-Lead and its special companion product... Dutch Boy Lead Mixing Oil.

This combination not only gives extraordinary durability but a finish with the characteristic beauty of a white-lead "flat."

Other advantages: Easy to mix—just add Lead Mixing Oil to white-lead.

Levels out smooth and even. Requires no stippling. Has excellent sealing qualities. Hides fine cracks. Brushes with the ease and high spreading rate of all white-lead paint. Gives a white-lead "flat" at a reduced cost per gallon.

NATIONAL LEAD COMPANY

111 Broadway, New York; 116 Oak St., Buffalo; 300 W. 18th St., Chicago; 629 Freeman Ave., Cincinnati; 820 W. Superior Ave., Cleveland; 722 Chestnut St., St. Louis; 2240 24th St., San Francisco; National-Borden Lead Co., 800 Albany Street, Boston; National Lead & Oil Co., of Peru, 316 Fourth Avenue, Pittsburgh; John T. Lewis & Bros. Co., Widener Bldg., Philadelphia.
