TO M. T. Worley
FROM Evan R. Goltra, M.D.
Corporate Medical Director

DATE July 28, 1986
SUBJECT Asbestos Seminar

Medical Services is planning an Asbestos Seminar to be held on October 14-15, 1986 in Oklahoma City. The seminar will address all aspects of asbestos abatement.

If at all possible, I would like to have Andy Andersen present a 30 minute presentation on "In-house Abatement". This topic should address why Trona decided to perform their own in-house abatement and the success of doing so. This presentation would prove very beneficial for the seminar attendees.

If you do not have any objections to this request, I would appreciate a positive answer by August 15. This will enable us to finalize our agenda.

If you have any questions concerning this seminar or my request, please feel free to call me on extension 2909.
