My dear Miss Rossiter:

Thank you for your clipping
from the September 24 issue of INDIA RUBBER
JOURNAL, regarding Industrial Respirators.

I will pass this along to our
interested parties.

Some time when you and Mr.
Stover have a little time, think it would
well pay you to visit our Charleston or Man-
heim plants, and see what we have done in
the Dust Room and Care Room, as well as other
parts of the shop. Am quite certain you,
and especially Mr. Stover, will be very, very
much surprised.

Very truly yours,
