CONTACTED: Joe Lowe, Buyer

OBJECTIVE: 1. Discuss A-1242 purchase from Functional Fluids
2. Check other plasticizer uses

RESULTS: 1. Joe agreed that he knew of no capacitor fluid application for A-1242, and therefore he assumes the A-1242 purchased in May was used as plasticizer. He assured me they would not order any more A-1242 from either group.

2. Joe confirmed that DOP/DIDP are taken in combined tank trucks ~~of 3,000 gallons with DOP being the larger volume. 1000 gallon~~ loads of Benzoflex 50 are taken about every 3 months. Truck-loads of Wingtack are ordered every 2 months for their hot melts. DOP/DIDP purchases are handled on blanket orders from Bill Devine, so I'll see him about 1972.
