

August 30, 1971

Miss Nancy Stocker  
Center for Science in the Public Interest  
1346 Connecticut Avenue N. W., Room 812  
Washington, D. C. 20036

Dear Miss Stocker:

In response to your letter of July 20, I am enclosing a copy of a letter directed to the Director of Pesticides Regulation Division, Environmental Protection Agency. This letter is in response to a notice which appeared in the Federal Register on July 3, 1971. The information in the letter, I think, answers most of the questions in your letter to me of July 20. If you have any other questions concerning lead, I will be happy to attempt to answer them for you, at least to the extent of knowledge available today.

Sincerely,

Jerome F. Cole, Sc. D.  
Director, Environmental Health
