November 7, 1983

Rashid Iqbal
9 Gardenia Drive
Maple Shade, NJ 08052

Dear Mr. Iqbal:

Thank you for the interest you have expressed in the Conoco VCM Plant through your recent resume. Your education and experience is commendable and presents the quality of credentials Conoco normally seeks when recruiting.

At this time, the Conoco VCM Plant is not actively recruiting for Chemical Engineers and our plans for the balance of the 1983-84 recruiting season are unclear. Your resume will be placed in our active applicant file in the event that an opening should develop.

Sincerely,

A handwritten signature in cursive script that reads "Ron Bryan".

Ron Bryan
Chief Process Engineer
