THERE'S NEVER BEEN A PAINT LIKE IT BEFORE...

The [illegible] formula was developed in 1951.

Fuller chemists, through know-how and continuous research, found that by combining certain new "miracle" materials, they could produce an exterior paint so resistant to wear, so amazingly superior in every way that it made *even the finest* house paint seem old-fashioned by comparison.

Two of America's largest chemical laboratories tested and confirmed these findings.
