Yes, of course. I was on his team at that time and recall when you two first met. We will make a note to reach out the next time we are in California.

Thank you so much,
Millan Hupp

Millan – I would like to talk with Administrator Pruitt about agriculture technology (AgTech) and the environment and how agtech should be a big part of any infrastructure program. We run a program around technology in agriculture (see www.royseagtech.com) and this could be a great initiative for the EPA. Private sector innovation is reducing ag related pollutants, conserving water and protecting the environment.

I do not plan to be back in Washington DC anytime soon but if Administrator Pruitt is in California I would welcome the opportunity to talk. PS – we know each other from the Republican Attorneys General event in San Francisco last year.

Thanks for getting back to me.

Subject: Meeting Request with Administrator Pruitt

Roger,

Good afternoon to you. I am following up on a meeting request that you put into us a little while back. I just wanted to confirm that someone reached out to you to schedule this meeting should the Administrator be in town as well as the nature of the request. I look forward to hearing from you.

Warm regards,

Millan Hupp

Director of Scheduling and Advance

Office of the Administrator
