Kettering Laboratory,
College of Medicine,
Eden Street,
Cincinnati, 19, Ohio.

Attn: Dr. Robert A. Kehoe

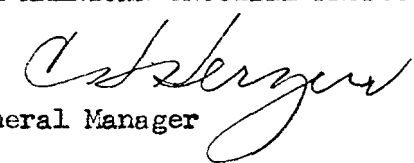

Dear Dr. Kehoe:

We have recently had several discussions with Dr. Rusin of Lorain, Ohio, relative to working with American Crucible Products Company regarding lead fumes. One of the requirements that both Dr. Rusin and American Crucible had was that Dr. Rusin spend some time with you in order to obtain somewhat of a foundation for his future work with American Crucible. Dr. Rusin said that he would be available most any time and, therefore, I would appreciate it if you would notify me when you return from your vacation. I, in turn, would like to notify Dr. Rusin who would like to call you by phone to make the necessary arrangements for his visiting the Kettering Laboratories.

Thank you again for your assistance in this matter.

Very truly yours,

THE AMERICAN CRUCIBLE PRODUCTS COMPANY
