The above list includes the recent employees examined by Dr. Paul.

Hershell Tyler was rejected by Dr. Paul and as soon as I receive a termination notice on him, I will put him in my inactive file.

The following two employees were those whose x-rays were too light, and I requested another film:

✓Dean, Lindell
✓Rector, Alphis (Today I received a termination notice
on this man, which eliminates the
need for another x-ray)

On your list of February 4th, I found the following discrepancies with my records:

Ike M. Pennington (Both men have been terminated
Lowell V. Hart in the meantime)

P. R. Johnson (These men are temporary employees
Edwin F. Mabry since I only have a physical report
Kirk P. Reddell but no x-ray for them)

Actually, I am not particularly interested in these temporary employees until the time that they are given an x-ray and listed as permanent employees.

Dock Lydon (I can find no record of these
Vernon B. Rozzell men and would appreciate it
Arthur H. Whitehead if you will give me a little
more information regarding them)

The following list are those employees who were in my active file prior to receiving your list of February 4th. However, since they were not listed, I assume that they have been terminated and have since put them in my inactive file. Will you please check the list and advise if this is correct.
