Dear George:

The profit that you mention to Metropolitan was shared with equal intensity by all of my General Electric colleagues. The warmth of your acceptance made it clear how much we appreciated your presence. I am afraid we have been taking very circuitous paths to settle some matters that could have been dealt with directly and in a more satisfactory way both to you and to General Electric. Pass along my thanks to Dr. Henriques and Dr. Eberhart.

As soon as I have an accurate roster of our General Electric physicians, I'll send it to you. Notices and samples of educational material both old and new would be most welcome.

Cordially yours,

Edward M. Kline, M.D.
Medical Director
