FILE NAME: Union Carbide (UC)

DATE: 0000

DOC#: UC054

DOCUMENT DESCRIPTION: Handwritten Memo from the Desk of Dr. Hilton C. Lewinson

MEMO
from the desk of
DR. HILTON C. LEWINSOHN

J-H - Maven

Note under 6.3 the insertion of the word "occupationally". This removes doubts about casual exposure and defines the workers who should be examined — i.e. those who work with asbestos at whatever level of exposure. Bill Reitze agrees + says this is the J-M policy except in California where there is an action level which triggers medical examinations. HCL 8/17
