W. B. PAPAGEORGE - ST. LOUIS

FEBRUARY 19, 1970

DAVID B. NELSON
MRC - DAYTON LABORATORY

Enclosed are copies of articles regarding toxicity of two of the PCB's, a copy of Monsanto's Technical Bulletin O-FF/1 and a copy of a section of the Encyclopedia of Chemical Technology relating to chlorinated biphenyl.

Will you arrange to forward these to Dr's. Kieth and Hill at the Athens, Georgia Water Laboratories? I hope this information will be adequate for their immediate needs.

W. B. PAPAGEORGE
