As indicated in the attached letter, the next VCM Safety Association Meeting is scheduled for November 18 and 19, 1976. An agenda of the meeting will be supplied as soon as it is available.

CONOCO should be represented at the meeting since past meetings have been beneficial in helping CONOCO gain a "feel" for what the rest of the industry is doing regarding VCM health regulations, etc. The specific selection of attendees should be made after the formal agenda is issued. Excluding a meeting agenda of abnormal importance, I believe the following representation is adequate:

- 1) Earl Gremillion (Secretary of the Association);
- 2) Aberdeen-Oklahoma City (one representative);
- 3) R&D-PED (one representative)

Please inform me if you have particular comments regarding attendance.

I have asked Tom Swanson to include the meeting as an agenda item for the R&E meeting scheduled for September 29 and 30. The objective is to obtain a list of items you would like pursued (officially and unofficially) at the November meeting.

September 3, 1976

Arrangements for the annual fall meeting have been completed..

The dates for the meeting are Thursday and Friday, November 13 and 19.

We intend to follow our normal meeting schedule with registration between 8 A.M. and 9 A.M. Thursday morning, a catered lunch and meeting over at 5 P.M. Friday's meeting should be finished before Noon.

Mark Soble is our program chairman and is working on an agenda. If you have any specific items that you want to have discussed please call him @ Hooker Chemical, phone 609/499-2300 or write him @ P. O. Box 456, Burlington, N.J. 08016.

When the agenda is completed a copy will be mailed to all members along with any further details about the meeting.

Yours truly,

And also

Amos T. Dixon
