

1 IHF Number 25, January of 1950, Asbestosis,
2 Analysis of 40 Necropsied Cases, by Dr. Lynch in Chest
3 magazine in 1948.

4 IHF Number 27, March of 1950, Pulmonary
5 Asbestosis: A Study of a Case, an Italian article,
6 anatomicopathologic study.

7 Mr. Smith egged me on to read that, Your
8 Honor.

9 IHF Number 28, September of 1950,
10 Asbestosis, in the Postgraduate Medical Journal in
11 December of '49.

12 This time this document IHF-33 is against --
13 offered against Owens-Illinois and Ford. February of
14 1952. Experimental Asbestosis in Rats. Also a study
15 with an electron microscope concerning particles of
16 asbestos found in the air.

17 Again, against the two, O-I and Ford, IHF
18 Number 34, April of '52, Experimental Asbestosis, a
19 German article in 1951.

20 MR. SMITH: These were translated into
21 English.
