Subject: SSP and Superfund Task Force

Kell,

I was hoping I might entice you to a follow-up meeting with the SSP group that you met with about six months ago. We'd be interested to hear your views on how the Task Force work is progressing, areas that you feel you've made progress on Superfund activity and areas where you are focusing next. I think our members also have some further thoughts and feedback to share, if that would be of interest.

Our next scheduled meeting is Thursday, March 1, here in Washington, D.C. It is at Morgan Lewis, across the street from EPA Headquarters. We have a good deal of scheduling freedom during the day. We'd suggest noon or 1:00 as an opening proposal but if that did not fit but you were otherwise available on March 1, we can certainly adapt.

I look forward to hearing from you. I hope this might be able to fit into your schedule which I know is considerably committed.

Regards,

Ron

Subject: SSP and Superfund Task Force

Kell,

Thanks for coming to meet with the SSP to discuss the Administrator's Superfund Task Force and for bringing your various colleagues with you. As you know, we've had some additional exchanges with Cyndy Mackey and her team focused particularly on financial assurance issues.

Attached are additional comments from SSP that relate more to the overall Task Force Report and its recommendations – a number of which we discussed at least somewhat during our meeting with you. But we hope the attached helps to organize them around the Task Force's current work agenda as reflected in the Report.

Again thanks for your time and attention – we appreciated the opportunity to discuss the Superfund program with you and your colleagues and look forward to continuing to do so going forward.

Regards,

Ron Tenpas
