Dr. John A. Zapp, Jr., Director
 Haskell Laboratory for Toxicology
 and Industrial Medicine
 E. I. duPont de Nemours & Company
 Wilmington, Delaware 19898

Dear Dr. Zapp:

Thank you for your recent letter regarding H. R. 19172,
 the Lead-Based Paint Elimination Act.

As you probably know, H. R. 19172 is currently pending
 before the Committee on Labor and Public Welfare
 Committee's Subcommittee on Health. At this time, no
 action has been scheduled on the measure.

I can assure you that as a member of the Subcommittee
 on Health this legislation will receive my most careful
 consideration.

I appreciate your taking the time to write and give me
 the benefit of your views and suggestions.

With best wishes,

 HAROLD E. HUGHES
