Dear Mr. Wheeler:

May I reply on behalf of Mr. Clegg to your letter of December 8, enclosing summary data on PCB toxicology. We are very pleased to have this information, and greatly appreciate having it so promptly after the completion of the studies.

I will be at the North Carolina meeting and am looking forward to meeting Dr. Keplinger there and hearing his presentation. The full reports you are sending shortly will also be very welcome. With 600-800 pages of data to start off the New Year, Mr. Clegg and I will not be short of work in 1972.

Yours sincerely,

L. R. A. Bradshaw,

L. R. A. Bradshaw, Ph.D.,
