Dear Mr. Downing:

We have been in contact with our laboratory in Ann Arbor, Michigan, and they inform us that the material formulation confidential report form identified as MPCRA-0510 for the resubmittal of review form 8-395 for the B.F. Goodrich PVC 8761 material with the B.F. Goodrich Gray 273 pigment to be used in Part No. D12903 Half Union in your Listed Models 35 B-FM and 188-FM Chlorinators has not yet been received in the laboratory.

Will you please contact your supplier and ask that they submit the necessary formulation as soon as possible so this matter can be resolved.

Should you need a new formulation report form or any other information, please contact this office.

Your prompt attention to this request will be most appreciated.

Very truly yours,

Michael Farnsworth
