Dear Harold:

I enjoyed our brief but informative talk during the recess in the presentation by the "alleged experts". As mentioned, I am defending a significant case involving chlordane and heptachlor in which both Dr. Epstein and Dr. Wagner appear as plaintiff's experts. You indicated that you might have some data on Epstein which would be helpful in his deposition and trial. We would be more than happy to pay for any reproduction costs if such material is available.

Please don't hesitate to give me a call or drop me a line if I can be of any assistance to you since I am accumulating data from various sources and researching such issues as whether or not opinions of the type rendered by Dr. Epstein are admissible in the State of Connecticut.

I hope you have a very merry Christmas.

Very truly yours,

Miles F. McDonald, Jr.
