Good morning Aurelia. I have confirmed with the development team that no element of the project is on federal/public lands. The entirety of the project, transmission line interconnection, access roads and related infrastructure has been designed on private land.

Let me know if you need any further information.

John

Good morning John,
Is any part of this project on federal land? Thanks.

Thanks again for setting up the call and the thoughtful leadership.

Please let me know if you have any questions you might have over the coming weeks.

Sincerely,
John
