

TAPE

FRICTION TAPE

The "old dependable" $\frac{3}{4}$ in. wide friction tape is available in varying lengths. Safe and economical to use in garages, service stations, shops and homes. Has dielectric of 2000 volts and is abrasive resistant.

A. 4-1933 60 in. roll	Price 17¢
4-1933D Display Pkg.	Price 17¢
B. 4-1934 156 in. roll	Price 27¢
C. 4-1935 30 ft. roll	Price 44¢
4-1935D Display Pkg.	Price 44¢
D. 4-1936 60 ft. roll	Price 78¢
4-1936D Display Pkg.	Price 78¢
E. 4-1937 Shop can of 10 rolls 4-1936	Price \$7.80

PLASTIC ELECTRICAL TAPE

Regular Type

Super thin flexible tapes stretching up to 150% and having a very high dielectric. They are not affected by water, oils, greases, acids, alkalis and are very resistant to corrosion, rot, mildew and fungus. An ideal tape for the many uses in the automotive, electrical and household fields.

F. 4-1929 66 ft x $\frac{3}{4}$ in. roll in plastic dispenser	Price \$1.96
G. 4-1930 150 in. x $\frac{1}{2}$ in. roll	Price 32¢
4-1930D Display Pkg.	Price 32¢
H. 4-1931 20 ft. x $\frac{3}{4}$ in. roll	Price 72¢
4-1931D Display Pkg.	Price 72¢
I. 4-1932 66 ft. x $\frac{3}{4}$ in. roll in can	Price \$1.96
4-1932D Display Pkg.	Price \$1.96

Automotive Type

Plastic electrical tape. Custom made for the auto repair man. Gives a good, tightly wrapped job and is easy to tear. Resists oil and grease and protects against water, temperature extremes and abrasions. Has good dielectric strength. 60 ft. x $\frac{3}{4}$ in. roll in plastic dispenser similar to 4-1929.

4-1928	Price \$1.92
4-1928D Display Pkg.	Price \$1.92

PLASTIC ELECTRICAL TAPE

Cold Weather Type

Specifically manufactured to give improved performance at low temperatures while remaining serviceable under all climatic conditions. Has dielectric strength of 10,000 volts and is resistant to oils, greases, acids, alkalis, etc. Rolls are 60 ft. long and $\frac{3}{4}$ in. wide.

J. 4-1938 Roll in plastic box	Price \$2.00
K. 4-1939 Roll in plastic dispenser	Price \$2.00
4-1939D Display Pkg.	Price \$2.00
