Dear Mr. Nobile:

Please find enclosed a copy of an inspection report(s) where a representative of the U.S. Environmental Protection Agency, Region 2 (EPA) conducted an Underground Storage Tank (UST) Inspection(s) on May 26, 2021 in accordance with the Resource Conservation and Recovery Act and Hazardous and Solid Waste Amendments of 1984 ("HSWA"), 42 U.S.C. § 6901 et seq. (collectively referred to as "RCRA" or the "Act"). MCC-New York owns and operates the Underground Storage Tank(s) located at the above-mentioned facility(s). A "facility" as that term is defined in 40 C.F.R § 280 is subject to the requirements of RCRA Subtitle I regulations.

This letter should not be construed as a compliance determination by the EPA of MCC-New York with the UST regulations. However, if areas of concerns were identified, please begin rectifying them as soon as possible and make sure to keep records in accordance with the regulations.

Subsequently, my enforcement staff will review the information in our program records and from the inspection determine if further actions are necessary. Once any compliance issues are identified EPA will correspond with you in writing.

If any factual disputes are identified or you have any questions, please contact me at 212-637-5036 or gutierrez.claudia@epa.gov.

Thank you for your cooperation.
