SUBJECT _____

Please use a separate sheet for each subject treated

Dear Julius:

Just for your record please find enclosed a list of doctor appointments for our various employees. I think we're about a month late in having these appointments but a month late is better than not at all. The only two people in our employ-~~that~~ will not have doctor appointments will be myself and Ken Damewood as we are not in the plant on a full-time basis and exposed to the various forms of dust.

Best regards,
