No Damage Reported From Slight Rainfall

Light rainfall here this week amounted to .42 inches with most of it Monday night, according to readings at the local office of the U. S. Soil Conservation Service. The first rainfall last year amounted to .15 inches on October 7.

No damage has been reported here, as most of the prune crop has been harvested. Unless continued damp weather and rainfall comes in the next few days little damage is expected to other crops in this area.

YMCA MEETING

Lewis E. Downer and C. F. Patterson, officers of the local YMCA committee, plan to attend a meeting of the YMCA camp committee next Tuesday noon in the San Jose YMCA building.

The agenda for the meeting includes reports of the 1948 camp program, a report on building progress, a discussion of leadership recruitment and training, and a review of the "Hag Society" policy.
