Mr. Roy E. Black, Plant Manager  
Schellens-True Corporation  
Pond Meadow Road  
Ivoryton, Conn. 06442

Dear Roy:

Attached are Polaroid snaps of three #104 O.B.I's (32 ton) that are on our internal surplus list. They are on our books today at about \$1,800 each.

It is my understanding that the Victor Royal Plant in Copenhagen, Denmark has a similar press that they have been trying to return to this country because they cannot use it over there. I haven't the slightest idea what it's worth might be, but if you're interested I'll try and find out for you.

If I can be of any further help please let me know.

Yours very truly,

W. J. Sheehan  
Manager  
Chicago Gasket Plant
