Subject: Re: Helping young talent

Rich: Great to hear from you. I would love to visit with her as well as hook her up with some woman attorneys here who could provide some better insight.

Feel free to have here drop me an email and we will connect and put her with some people that I really think are bright attorneys who have different career paths.

Ken

Hope this finds you well. I'd like your help on something if you can make the time. I have a young lawyer here, two years out of University of Houston Law School, law review, etc., with whom I'm really, really impressed. She is super smart, articulate, thoughtful, and mature beyond her years. She is not working as an attorney for the company – she is helping to manage our risk assessment/maturity model processes. Currently, she is at a point where she's unsure of which way to go next. A firm, corporate law, EPA, etc. Since I'm not a lawyer, I'm not much help. I know how busy you must be, but I'd appreciate it if you could find a half hour to talk with her. Let me know, and I'll introduce you. And, don't forget to let me know when you're back in town – I'd love to get together. Best,
Rich
