Mr. Lee W. Minton
International President
Glass Bottle Blowers Association
226 South 16th Street, Room 100
Philadelphia, Pennsylvania 19102

Dear Mr. Minton:

Since receiving your letter concerning the working conditions at the Berlin plant, we have had an opportunity to personally discuss this problem.

As I indicated to you at that time, the local Berlin management has assured me that they are working closely with Mr. Sandro and his committee and believe that they are on top of the various problems that are outlined in the grievance that has been submitted by Local 231.

You may rest assured that we are always concerned about working conditions in all of our plants and we will continue to work with your responsible people in an effort to eliminate potential problems.

Sincerely yours,

A handwritten signature in dark ink, appearing to be "M. D. Burch".

M. D. Burch
