

Wet/Dry Heavy-Duty Commercial Canister Vacs

Lightweight, powerful and portable wet/dry canister vacs with super quiet operation, designed for use in facilities requiring equipment at a moderate cost. Equipped with a high quality dual action floor and carpet nozzle, plus all the basic cleaning tools for floor and above-the-floor cleaning. Total stability and mobility are assured with five hooded dual wheel casters.

- An extra-large collection bag filter system provides infrequent, yet easy emptying.
- Quiet operation.
- Double Filtration System for efficient wet or dry pick-up.
- Powerful by-pass motor delivers high performance cleaning strength (1.7 HP peak) to handle any cleaning problem.
- Curved extension wand on hose end is equipped with variable airflow control that adjusts vacuum suction to the needs of each cleaning job, and positive lock connection that eliminates slippage.
- Heavy-duty tank guaranteed for life.
- Automatic float shut-off prevents overflow.
- Large capacity tank for infrequent emptying.
- Side inlet for easy mobility.
- Top handle for ease in handling.
- Cord wrap eliminates sloppy cord storage.
- 5 hooded dual wheel casters guard against scratching, and assure stability and mobility on any floor surface.
- Heavy-duty crushproof hose.
- Extra-large capacity collection bag filter for infrequent, yet easy emptying.
- Safety edge tank cover eliminates sharp edges.
- Inlet accommodates 1 1/4" (standard) or 2 1/2" hoses.
- 35' cord.
- Easy-release tank clamps for emptying.

900-10

900-11

Standard equipment includes 10' x 1 1/4" crushproof hose with curved extension wand equipped with positive lock and airflow control, 1 1/4" diameter metal extension wands with positive lock, 10" master nozzle with positive lock, 10" squeegee shoe, dual surface selector nozzle, crevice tool, round brush, upholstery nozzle, dolly, foam filter and 3 collection filter bags.

Model 900-10 High Performance... 1.25 HP motor
Model 900-11 Two-stage 1.7 HP motor
