To: Manufacturers and Distributors of Paint  
interested in proposed Federal lead ordinance:

The enclosed is a copy of a letter sent me by Senator Mondale concerning the proposed Federal Ordinance. I would like to have you do any research that you can concerning the use of lead in paints and any problems you may have encountered because of it.

From the gist of Senator Mondale's letter, it appears that we will be able to set up some sort of meeting in the future to discuss the proposed Federal Ordinance. When he does give us some sort of a date, I will try to call a prior meeting with as many of you as possible so that we can figure out just how we are going to go after this thing.

Yours very truly,

STEWART PAINT MFG. COMPANY

Dear Mr. Stewart:

Thank you very much for your letter regarding legislation to ban the use of lead in paint. Please excuse the delay in my reply.

I am now in the process of reviewing the legislation to which this pertains. I would appreciate it if you could send me a critique of the proposed and existing legislation which embodies your views. After I have had an opportunity to complete the study I would be most interested in meeting with the group which you described.

Thank you for calling this to my attention, and I hope we can stay in close contact.

With warmest regards,

Sincerely,

*Walter F. Mondale*
