

1 Q Now, Doctor, you told us that, in your
2 opinion, Mr. Grewe had mesothelioma.

3 Do you have an opinion as to what the cause
4 of death was in Mr. Grewe's death?

5 A The primary cause of death, if I were to
6 sign on his case, say, in a death certificate, I would
7 call it respiratory insufficiency caused by probably a
8 combination of pneumonia which was caused by his
9 mesothelioma.

10 Q You told us in your opinion with reasonable
11 medical certainty his mesothelioma was caused by
12 asbestos exposure.

13 From your review of the records and
14 occupational history that we have provided, is there
15 anything else in your opinion that could have caused
16 Mr. Grewe's malignant mesothelioma?

17 A No.

18 Q Assuming that Mr. Grewe was first exposed or
19 had an asbestos exposure first in 1957 or the early
20 '50s and was diagnosed clinically in 1992, do you have
21 an opinion as to whether there was a sufficient
