Dear Ms. Biggs:

Enclosed are four (4) copies of the manuscript, "Developing an Air Quality Standard for Lead from Community Studies," which I am submitting for publication in Environmental Science and Technology. The methodology developed in this paper is general and can be used to develop air quality standards for other pollutants for which biological guidelines have been established.

Your consideration of this paper is appreciated. I look forward to hearing from you concerning the appropriateness of this paper for publication in your journal.

Very truly yours,
