With reference to our telephone conversation of January 27th, can you advise at this time regarding the sale to the above by Ruberoid?

As we advised you, we have quoted \$5.20 per cwt. plus equalized freight at 41¢ to Schenectady or a total of \$5.61. The customer advises that on the last several inquiries they have placed the business with Ruberoid at \$5.21.

We would appreciate a prompt report. Please handle in such a way as not to reflect on J-M.
