Re: Eastern Refractories

Dear Peter:

In your letter of July 30th, you raised the question of Eastern Refractories' knowledge of a health hazard, particularly with regard to their claim that they had no such knowledge until 1972. I believe that this is clearly untrue. Enclosed is a copy of the 1965 Annual Meeting of NICA (at that time known as IDCNA). You will note that, on the second day, Dr. Selikoff spoke. You will note on page 19 that Eastern Refractories was a member at large. I am trying to locate a copy of the registration list at this meeting and, if I am able to obtain it, I will forward it to you.

Very truly yours,

James K. Green, Esq.
