The Society of Plastics Industry, Inc.  
355 Lexington Avenue  
New York, New York 10017

Dear John:

The nominating committee for the PVC Safety Group consists of Mr. Steve Schaefer, Diamond Shamrock, Dr. Bob Krueger, B. F. Goodrich, and myself as Chairman.

In accordance with the bylaws of the PVC Safety Group of the SPI, we are nominating Ethyl and Shell as members of the Steering Committee to replace Diamond, Dow and Hooker. The nomination and election of these two companies brings the membership of the Steering Committee to eight, which is the maximum allowed in the bylaws.

We are nominating Dr. Ross Adams, Air Products, to succeed himself for the position of Chairman of the PVC Safety Group.

We are nominating Dr. Bob Krueger, B. F. Goodrich, for the position of Vice Chairman of the PVC Safety Group.

We are nominating Mr. Gregg Lazarchick, PPG, for the position of Treasurer of the PVC Safety Group.

Would you please send a letter ballot to all members of the PVC Safety Group so that the new composition of the Steering Committee and new officers can be confirmed.

Very truly yours,

Todd C. Walker  
Vice President & General Manager  
PVC Resins Division
