Mr. W. G. Hazard
Industrial Relations Division
Owens-Illinois Glass Company
Toledo 1, Ohio

Dear Bill:

As you recall, Mr. Durkan and I made an industrial hygiene survey of the Kaylo Division Plant of your company in Sayreville, New Jersey on January 30, 1951. Later arrangements were made with one of the local men, Mr. Reades, to obtain six samples of air borne dusts from selected locations in the plant with a filter collection device which we left there for the purpose.

We are anxious to complete our observations and would appreciate your advice as to the progress of this sample collection work.

With kindest regards,

Sincerely yours,

Edward C. J. Urban
Industrial Hygiene Engineer

Mrs Blevins

Ask Tom when the samples will be finished - so that the results might be completed

Mr. Vorwald

Tom tells me Buel Hazard called yesterday from N.Y. to inquire about our recommendations re survey of Kaylo plant. He was on way to plant and merely wished to know if we had anything to report. Notified us had received samples but had not completed analyses.
